GOOD TIMES... GREAT FUN!

■ ■ ■ ■ OVERVIEW

For 9 years The Camp have created the most innovative and progressive programs on the planet. The focus of The Camp is simple; ride the best snow and terrain at the best resorts.

With our unique approach to coaching, you'll be progressing faster than you ever thought imaginable and most importantly having a damn good time doing it! If you want to charge through powder, drop lines, tighten up your money tricks or even slide your first box or rail, then we have the program for you!

■ PARK

The Super Camp and Progression Camp have the best terrain park facilities you could hope to find anywhere. With 3 immaculately groomed parks from beginner to advanced, it doesn't matter if you have never greased a rail or hit a jump before – in this environment you will learn and progress with ease! For the more advanced riders, Mount Seymour offers perfect tabletops, hips, and a plethora of rails and boxes to help push your riding to the next level, not to mention the Super Park hits at Whistler/Blackcomb.

■ COACHING

Our coaches are the people who make these programs what they are! They are handpicked for not only their amazing talent (and good looks!) but also for their ability to translate and break-down any trick in the book, into easy and understandable steps. They are all highly-regarded figures in the Australian freeride scene and many have International accolades to boot! Living and riding with these guys is an experience you won't ever forget!

■ ACCOMMODATION

The thought of living in a hotel room for weeks on end can deter even the most seasoned of riders. At The Camp everyone lives together in a large luxurious house just off the hill. There is heaps of space to kick back, play some foosball, watch dvds, write emails, battle the coaches to an x-box championship, tune (or detune) your gear, or just chill out and talk about the day with your new friends. We realise the importance of feeding our hungry riders, and that's why we have an 'open kitchen' policy. You are of course provided with 3 nutritious meals a day, prepared by our in-house chef, as well as free reign in the kitchen cupboards, which are always stocked full of snacks.

THE SUPER CAMP.

OVERVIEW

The Super Camp is a 6 week freestyle program perfect for anyone aged 14 to 25 years who is ready to develop new tricks in the terrain park, progress their general freeriding ability, or venture into the backcountry for the first time.

With coaches at the forefront of the Australian industry, fantastic snow conditions and the experience of living in Vancouver with like-minded people, fun times are guaranteed. The program is renowned for its innovative coaching approach, allowing riders to progress at their own pace yet at the same time providing all the stimulation and facilities necessary for those who want to take their riding to a new level.

Mount Seymour boasts the perfect platform to progress your riding in an intimate setting with its world-class terrain/jib parks, not to mention its incredible backcountry. There are so many things to experience during the 6 weeks.

The Super Camp is not just about the time on snow. We hit the local gyms and pools for trampolining/diving sessions where you learn the tricks that you've only dreamt of stomping on snow. Basically our coaching approach helps you get to where you want to be at a pace you chose personally. Adding to this, road trips to Whistler/Blackcomb, Mt Baker (USA), and even a trip to the Boeing facility in Seattle mean there is never a dull moment on The Super Camp.

THE PROGRESSION CAMP

OVERVIEW:

The 2 week Progression Camp is designed for those aged 19 years and up. Whether you want an intense freeride development experience, or a relaxed 2 week ski/snowboarding holiday, the Progression Camp is an experience you'll never forget. The program includes road trips to both Whistler/Blackcomb and Mt Baker (USA), in addition to riding Mount Seymour's epic inbound terrain and backcountry.

No matter your ability level, the Progression Camp has you covered, specifically catering to your individual needs. You get to ride every single day with coaches who are stoked to watch you progress and won't leave the mountain until you're ready. Whether you want to explore Vancouver's night life after a long day of riding, or kick back at the pad with a few quiet beers, you have the freedom to do so.

This is a flexible and relaxed program that is designed to make sure you get the most out of your experience, and build lasting relationships with like-minded people, whilst riding some of the best terrain in the world.
